

Community Christmas Eve Program Is Arranged

The general public is invited to join in a community Christmas carol songfest which will be a feature of the American Legion Quaker City band's Christmas eve concert in front of the Memorial building at 7:30 p. m. Wednesday.

Director George Chappell announced today that Clerk of Courts John Coleman will lead the group singing, while Atty. Walter J. Hunston will serve as narrator for the program.

Rev. George C. Beebe, pastor of the Methodist church, will speak briefly on "Christ Is Born" and Martha Chappell will recite "It Was the Night Before Christmas."

To add further to the occasion, Santa Claus will make his appearance at the gaily-decorated Christmas tree on the Memorial building lawn. A public address system will be operated by Fred Krass to amplify the holiday program.

The complete program will be:
Full band, march, "Onward Christian Soldiers."
Christmas prayer, Rev. Beebe.
Community singing, "Oh Come All Ye Faithful" and "It Came Upon the Midnight Clear."
Santa Claus, "Jingle Bells," Who's Santa?
Community singing, "Oh Holy Night" and "Oh Little Town of Bethlehem."

"It Was the Night Before Christmas," Miss Chappell.
Community singing, "Joy To the World" and "Silent Night."
"Christ Is Born," Rev. Beebe.
Full band, "White Christmas."

"HERTER PLAN" GAINING ON MARSHALL PLAN IN CONGRESS

(By Associated Press)

WASHINGTON, Dec. 22—Congress is going to draft its own Marshall plan for Europe recovery. And all signs today point to a program nowhere near as big as the administration's \$17,000,000,000 four-year project.

Speaker Martin (R-Mass.) gave the top-off on what will happen when congress tackles the long-range foreign aid program in the regular session starting Jan. 6. Before heading home for the holidays, Martin told reporters:

"There is sentiment for a Republican program and there is

SAYS TAFT-HARTLEY LAW 'SUCCESSFUL'

WASHINGTON, Dec. 22—Rep. Edward McCowen (R-Ohio) feels the Taft-Hartley law has been successful in avoiding strikes, but says the real test will come after the first of the new year.

McCowen, a member of the special joint senate-house committee charged with keeping an eye on the law in action, said yesterday union demands for new wage increases "will provide a test to see if such negotiations can successfully be carried out under such a law."

Labor and management, in general, he said, "seem to have cooperated far better under this law than they had been doing. That appears to be one of the benefits the law has brought about."

He asserted "as the law continues to operate, no doubt weaknesses will be found in it and they should be corrected by appropriate legislation."

He added "no particular changes" have been suggested by members of the committee at meetings to date. The group will report its findings to congress March 15.

"It is the intent of the committee as I understand it," McCowen said, "that the law shall operate with as perfect a degree of fairness as possible for both management and labor."

"It was intended to be a law equal for both of them, and also a law that will consider or give due consideration to the public interest, which is a greater interest than that of any single group."

BRITISH WARN OF COMMUNISM

AVOID STRIKE BY TELEGRAPH WORKER UNION

Date for Walkout Moved To Feb. 9 After Fact Board Is Named

WASHINGTON, Dec. 22—A pre-Christmas strike of Western Union workers was averted today by shifting major differences between the company and three AFL unions to a fact-finding board for decision in 50 days.

The action delays the threat of a nationwide telegraph tieup at least until after February 9—about the time telephone workers plan to begin wage talks with the Bell Telephone Companies across the country.

The two groups of communications workers were poised to strike simultaneously last spring, but the telegraph workers settled for a five-cent hourly pay increase on the eve of the scheduled tieup. The telephone strike lasted five weeks.

Wage Demand An Issue

The renewed Western Union dispute arose over union demands for a 15 cent an hour wage boost. The walkout first was set to begin at 6 a. m., eastern Standard time, tomorrow, but the unions later threatened to call the telegraphers out on shorter notice.

However, day-long conferences with Federal Conciliator Director Cyrus C. Ching finally resulted in an agreement late last night to cancel the strike call.

A three man fact-finding panel to be chosen by Ching will decide two main issues which the conciliation chief said "had impeded" settlement.

They are:
1. Whether the contract, which was signed last April 1 could be opened for a new wage demand October 1—the date the union picked—or November 1. On this will depend how much back pay the workers will get out of the company.

2. What is meant in the current contract by a provision calling for a study of the "wage profit" relationship in connection with any new pay demand. The union says the whole profit picture for 1947 was to be considered; the company insisted that only conditions existing on the date the contract was opened should be considered. The union contends the company will have made \$12,000,000 profits in 1947.

The panel will make a final and binding decision on these two points only. It will make no recommendation concerning the basic wage dispute.

Flight Faster Than Sound, Reported

WASHINGTON, Dec. 22—An American plane is reported to have flown faster than sound. The magazine Aviation week says in its issue dated today that the Bell X-1, an experimental rocket craft, has pierced the so-called sound barrier on several occasions.

Marvin Miles, aviation writer for The Los Angeles Times, also wrote today that he had "learned from reliable sources" that the long-sought speed had been attained.

Col. S. A. Gliko, commandant of the Muroc base, neither confirmed nor denied the reports.

Secretary of Defense Forrestal has issued an order forbidding official disclosure of progress in high speed flight.

The speed of sound generally is stated at 760 miles an hour. This is based on a temperature of 59 degrees Fahrenheit at sea level. It varies up to 100 miles an hour in either direction as the temperature rises or falls.

The magazine said the first faster than sound flight was made by Capt. Charles Yeager and has been duplicated several times by Yeager and Test Pilots Howard Lilly and Herbert Hoover of the National Association of Aeronautics, the government's top research agency.

Scientist Shortage Cause For Worry In U. S., Report

(By Associated Press)

WASHINGTON, Dec. 22—Government officials said today there is a critical scarcity of scientists in certain branches of military research. But they discounted statements that an aversion to working on death-dealing weapons is the primary cause.

Economic factors and a scholar's desire for complete freedom in study—rather than philosophies to keep many of them away from government work, officials of the military and the atomic energy commission told a reporter.

The latest of a series of statements came recently from Dr. Theodore Roosevelt, Columbia university professor, who said "many American scientists are refusing to work on military developments."

Atomic commission and military officials said they believe these are the governing factors in the unwillingness of some scientists to work on government projects.

Lack of Security. Unlike employment in the laboratory of a university or a large industrial concern, employment on a military research project may be of uncertain

Holiday Shoppers Victims of Thefts

A series of five petty larceny cases was reported Saturday to the police department.

Truman Just Begun To Fight For Price Control, Rationing

By DAYTON MOORE

U. P. Writer

WASHINGTON, Dec. 22—A source close to the White House said today that President Truman has just begun his fight for price control and rationing powers to combat the high cost of living.

This source said Truman would renew his offensive when he signs the anti-inflation bill which Republicans pushed through the emergency session of congress as a substitute for his 10-point program.

Truman, it was said, will sign the bill with reluctance and is expected to make clear why he feels it is inadequate.

The administration's present strategy calls for President Truman to fire another round during the first

HOLIDAY MAIL PEAK PASSED

Postoffice Clerks Work Sunday, Two Deliveries Ease Burden

The postoffice today cleaned up deliveries after full Sunday's work. Two Sunday deliveries of letter mail were made by substitutes and parcel post trucks ran all day to catch up on all Christmas parcels.

Postmaster A. E. Beardmore today expressed appreciation to the people of Salem for their cooperation in mailing early. "Due to the early mailing our regular clerks and carriers can spend Christmas eve and the holiday with their families for the first time," he said.

Local mailing reached a peak last Thursday and today, for the first time, the office was on current deliveries. The postoffice will be open as usual on Wednesday, but only one delivery of mail will be made.

This will be a late morning delivery and then by presidential proclamation all regular carriers and clerks will enjoy a half-holiday.

However, in order that all incoming Christmas parcels may be delivered on time, substitutes will man the trucks all day Wednesday and on Christmas morning.

The special delivery messenger will be on duty both days to deliver all incoming specials, Superintendent of Mails Ray Reasbeck added.

W. State Crossing Blocked Half-Hour

Auto traffic was backed up to N. Lincoln ave. Saturday afternoon when the W. State st. crossing of the Pennsylvania railroad was closed from 4:55 to 5:25, police said.

In addition to the auto, an east-bound passenger train was also forced to wait until the local yard workers finished switching cars.

The crew finally broke the string of freight cars to allow traffic to move, at the request of police.

Police also disclosed that a speeding passenger narrowly missed hitting an automobile on the W. State st crossing a week ago when the gates were not lowered.

City council sometime ago recommended automatic gates for the grade crossings in the city but action has not been taken by the railroad.

LABOR PARTY ISSUES PLEA; REDS ANSWER

Russian Blast of Move As U. S.-Inspired Followed By "War" Cry

(By Associated Press)

LONDON, Dec. 22—Britain's ruling Labor party launched today a campaign against Communist "infiltration and intrigue" within the organization, and the Communists immediately branded the drive a U. S.-inspired plot to link this country with France and Italy in an attempt to split the trade unions.

Warning that Communists were out to "sabotage" the government, Labor Party Secretary Morgan Phillips dispatched a letter to all labor groups—including the trade unions—in which he urged they take the offensive against Communist influence within the party.

The Communist Daily Worker at once retaliated by declaring:

"This attack follows months of preparatory work by the U. S. state department, acting partly through its embassies and partly through paid agents of the American Federation of Labor."

Alms Cited. "Their aim is to split the unions of France, Italy and Britain. Phillips' letter obediently parallels the tactics used by the reactionaries in France."

This obviously was a reference to developments last Friday in Paris, where the anti-Communist minority wing of the Communist General Confederation of Labor (CGLT) voted to secede and form its own national trade group.

In his letter Phillips said that the British Communist party had joined the "Communist cold war" against the western brand of Socialism and against the Marshall aid plan for European recovery.

"We can expect Communist-inspired attempts to foment discontent in factories and workshops which may result in slowing down and hampering the production drive," he said.

According to the best estimates, based on recent election returns, there are only about 50,000 Communists in Britain, but they hold a number of key trade union posts—especially among groups so vital to Britain's recovery program as the miners, engineers and transport workers.

Even as Phillips letter was being distributed the Moscow radio launched a new blast against the Marshall plan, declaring its "essence was war."

See War Aim. Combining its commentary on President Truman's message to congress Friday with a discussion of Marshall's address the same day on the failure of the Big Four talks in London, the Moscow broadcast said:

"When the United States announced a four-year program of expenditure to 'revive Germany's heavy industry, her war potential, one recalls another four-year program for the development of German economy—the notorious plan of Goering and Hitler."

"This plan was adopted in 1938 to prepare the German war machine for the Second World War, and Schacht was the financial head behind that plan, too. Now we see another four-year plan for so-called aid to Europe, and again the sinister figure of Schacht. The essence of the two plans is the same—war."

The Sorry Treatment

Secretary Marshall's report on the London conference summarized what news dispatches had been itemizing since the foreign ministers assembled. It was a sorry testament of delays, political speeches, vituperation and deliberate obstruction on the part of Molotov.

Through the maze of side issues, the subject of reparations emerged as the real nub of the impasse. The Russians clung to the ancient concept of reparations by which the defeated nation becomes the slave of the victor.

Modern war, however, is so devastating the victor can't exact much plunder from the vanquished. Hoping for 10 billions in reparations, the Russians wanted to take it from current production, although it will be years before Germany is self-supporting, even with outside help. If huge payments were to go to Russia from a unified Germany, a substantial portion would be American goods; so rather than funnel American goods to Russia through Germany, Secretary Marshall decided to close negotiations.

Thus Russia is left with a zone already bled white, much of its industrial equipment resting on Russian railroad sidings. When harsh reality of the reparations fallacy strikes the Kremlin with full impact, Molotov may be ready to resume the conference in a more conciliatory mood. Until that day comes, the western Allies must do their best to rehabilitate western Germany and make it self-sustaining. They are realistic enough to know that in modern war reparations have no more substance than a will-o'-the-wisp—or perhaps a mote in a Russian's eye.

West's Favorite Son

Oregon Republicans have decided to put forward a slate of convention delegates pledged to California's Governor Warren for next May's primary. It is an action that stands a good chance of being duplicated in Washington and the mountain states.

Governor Warren could well be the first native son of the Far West to become president. While nominally a Californian, Herbert Hoover is a native of Iowa, Oregon's Charles L. McNary was the 1940 vice presidential nominee but went down to defeat with Wendell Willkie. California's Hiram Johnson had aspirations for the presidency but they came to naught. California never had had a more popular governor than Earl Warren, his last election having been on a bipartisan ticket. If he goes to the convention with the 34 votes of the Far West in his pocket, he will be in a strong position to build up a powerful block of votes from that nucleus.

A Very Real Danger

Fire last week swept the National guard armory at Kenton, imperiling the business district. A few days before, flames razed a Canton garage, killing one man.

The cause of both fires was inflammable solvents being used as cleaning fluid. They rate just below discarded cigarettes as a contributing factor to the nation's annual fire toll of 10,000 lives and \$500,000,000 of property.

Those who use inflammable detergents for cleaning are tempting fate. The fumes from such agents are heavy and spread along the floor just as water does. When they reach a spark or flames, the fire flashes back to the source and there is an explosion.

Those who use such cleaning agents endanger their own lives as well as the lives of others. Warnings have had little effect. Perhaps Ohio's two fires this week will provide more graphic proof of the danger.

No Shortage Here

In this time of sky-high food prices, it is good to see that vitamin-rich citrus fruits are about the same price as last year. Although the 1947 Florida orange crop is smaller, the fruit is larger, and grapefruit and lemons, as well as oranges, can be bought in quantity without having to float a loan at the bank.

In this country we take bounteous citrus crops for granted. In England a shrimped orange sells for \$1.50; grapefruit is virtually unheard-of, and the only lemon flavor comes from coal-tar derivatives.

The plentiful, comparatively inexpensive supply of citrus fruits is just one of the blessings Americans enjoy. Because we have never had to do without them we sometimes forget that over vast parts of the world they are never seen except on the tables of the very rich.

Hopeful Signs

Despite anomalous Arab league conference in Cairo, there are signs that the Palestine situation may be cooling off.

Arab officials of a Jaffa suburb walked past Jewish guards in Tel Aviv to propose a truce in the battle-scarred no-man's-land between the two communities. The Arabs said they would take steps to halt further sniping by Arabs in the Jaffa suburb.

The most significant feature of the Cairo conference was that all Arab states agreed to set up recruiting stations for Arab guerrillas—with the possible exception of Saudi Arabia and Trans-Jordan.

Always the realist, King Ibn Saud of Saudi Arabia is reported to have asked that Arabs differentiate between the United States government and United States interest in the Middle East. The king has a thriving oil business with the Arabian organization which he wouldn't care to have upset by war. As for Trans-Jordan, King Abdullah is no advocate of violence because he sees in the Palestine partition an opportunity to enlarge his ramshackle little kingdom by latching on to what falls to the Arabs. The Jews indicate they will not oppose this.

Thus, through the Holy Land violence come these rays of hope: Reports of an Arab desire for a truce and indications on the part of two Arab rulers that they will temper their indignation with realism.

These small indications of cooling Arab wrath fat people puff and puffing making them wait.

will be followed by others if the British, the Jewish agency and the U. N. representatives follow a course which avoids fanning old hatreds into new flame.

The prospects are favorable for the most ambitious plans, objectives and desires, with the possibility of expansion and growth by collaboration with those in eminent positions, in politics, finances, social or professional life.

There may be enhanced prestige and popularity in connection with such, and yet it is advisable to use tact, finesse and personal charm if need be, while keeping alert to insidious or treacherous schemes.

For the Birthday

Those whose birthday it is are encouraged to forge ahead with confidence and efficiency toward the goal of high objectives, possibly cherished hopes and wishes of a social, domestic, affectional or professional significance.

Seek such in quest of enhanced popularity and prestige, but with a wary eye to loopholes for duplicity, chicanery, fraud or other malicious or subtle visitation. Safeguard all interests.

A child born on this day should be excellently equipped with talents, ambitions, personality and influence for a successful and happy life, although susceptible to treachery, snares and curious entanglements.

Migrants Pay \$972 To Fly To Australia

SYDNEY — Hundreds of Europeans—chiefly Greeks and Italians—are migrating to Australia in specially chartered airplanes.

Some charter airlines are putting all available planes on the lucrative migrant runs, mainly from Greece, Singapore, and Hong Kong to Sydney.

In two weeks alone, 26 Greeks are scheduled to come to Sydney in a chartered Trans-Oceanic Airways Sunderland flying boat, and 46 more Europeans are due on three Inter-Continental Air Tours aircraft. The trip on the Sunderland will cost the migrants \$972 a head for both adults and children.

A newly formed Sydney company, European Air Transport Pty., Ltd., is preparing six Lockheed-Hudson airplanes for the migrant runs to Greece.

A Hong Kong company, Cathay Pacific Airlines, made two trips from Singapore to Sydney recently, and returned to Singapore for more migrants.

SO THEY SAY

By this time it should be evident that the American public is capable of doing its own censuring.

—Mrs. Eleanor Roosevelt.

It is not possible to maintain true freedom to speak, assemble, vote and work up if freedom to buy, sell, own or earn are taken away.

—Harold E. Stassen, Republican presidential candidate.

Every nation in the world, including the United States, has been living beyond its means.

—Samuel Welles, former assistant secretary of state.

Guards who sit at the lighthouses of freedom must not go to sleep. To go to sleep is to lose freedom, and freedom is not everlasting.

—Attorney General Clark.

United States troops should stay in Italy indefinitely to assure law and order.

—Rep. John Lodge (R) of Connecticut.

GUARDING YOUR HEALTH

When a Person Is Starving

BY HERMAN N. BUNDESEN, M.D. necessary to furnish the required amount of protein.

A starving man will live off his own tissues for a time. If he cannot find food, he will automatically get energy for life from the fat and protein in his body.

Now starvation is not merely a matter of famine or lack of money. It often occurs in some degree because of illness or certain physical deprivations which either prevent a person from eating or result in poor use of the food that he does eat.

In any condition where there is great loss of weight and strength due to semi-starvation, it is important that proper food substances be given immediately to restore body tissues.

Special Foods
Prior to certain operations, the patient must be given special foods to put him in as good condition as is possible so that he may better stand the operative procedures.

In most cases, the necessary substances may be given by mouth. However, in certain instances, as when there is some obstruction or blocking of the esophagus, stomach, or small intestine, the food must be given in other ways.

Body Substances
Of the body substances which must be supplied, the proteins are of most importance because they are needed for rebuilding the worn-out tissues. The principal sources of proteins in natural foods are meat, fish, eggs, and whole-grain cereals.

In each of these foods, protein makes up but a small percentage of the total volume. Therefore, where large amounts of protein are required to replace excessive loss, use of these foods alone is impractical.

Nobody, much less a sick person, could eat the enormous quantities

necessary to furnish the required amount of protein.

Protein Need
Suppose for instance, that a person should need 200 grams of protein a day to make up his deficit. This is three or four times the usual quantity and, if he were to get it from food, he would have to eat a pot roast weighing three or four pounds.

Fortunately, today we are not dependent in such cases on food alone, but have available a good many types of protein concentrates. Often, these can be given in liquid form. For example, a skim milk powder, mixed in water, may be used. Such a mixture may be given through a tube which has been passed into the stomach.

This procedure is particularly important in the recovery of persons so weakened by diseases or starvation it is impossible for them to make the effort necessary to eat. If the patient is strong enough to drink the mixture, it can be flavored to suit the individual desire.

A mixture has been suggested which employs six whole eggs and two additional egg whites, with four ounces of skim milk powder, skim milk, and skim milk sugar.

Of course, treatment with such mixture should be carried out as the physician directs.

QUESTIONS AND ANSWERS
J. L. My eyes are swollen all the time. I have been told this is due to worms.

Answer: Worms have nothing to do with swelling of the eyes. You should have an examination by an eye specialist to determine the cause.

Letters to Dr. Bundesen should be addressed in care of 235 E. 45th St., New York City.

DEPENDABLE MERCHANDISE AT DESIRABLE PRICES!

Columbiana Lodge To Fete Children

COLUMBIANA, Dec. 22—Clipper, Fraternity Order of Eagles, will provide a Christmas treat for the children of Columbiana, Fairfield township and New Waterford on Wednesday.

It will be in the form of a free movie at the Globe theater in the afternoon, with a gift for each child present.

The aerie will have its customary family parties the day after Christmas and the day after New Year's in the lodge quarters. No meetings will be held during the holiday weeks, the next one being scheduled Jan. 7.

Charles Adams, chairman for the meeting of the Rotary club this evening has arranged a program by high school students. Jean Daley, who won the Prince of Peace declamation contest in the local preliminary of the county contest will give her declamation, and there will be vocal music by a quartet of boys: Bruce Gaver, William Longshore, John Bartholomew and George Norris, Jr.

A. M. Poulton, president-elect of the Kiwanis club, who will assume office the first meeting in the New Year, is program chairman for the meeting tonight. The directors will hold an important meeting Dec. 29 at the home of Charles Fisher.

G. A. R. Official Here
Mrs. Gladys Swallow of Canton, Ohio department, president of the ladies of the G. A. R., attended the Christmas party of Hattie Bishop circle here last week and inspected the local organization.
Mrs. Nellie M. Kiling, 85, mother of Rev. Herbert A. Smith of the Presbyterian church, died Dec. 14 at the home of a son, Benton C. Smith, in Philadelphia.

NEW DOG TAGS ON SALE NEXT FRIDAY

Applications for 1948 dog licenses have been mailed by County Auditor Irvin J. Vorndran to approximately 10,000 owners in Columbiana county.

The new tags may be secured after Dec. 26. All dogs three months of age or over must be licensed by Jan. 20.

A penalty will be assessed against each license issued after that date, and there will be no extension of the time limit, Vorndran stated. The fee, which remains the same as previous years, is \$1 for male dogs and spayed females, \$3 for females and \$10 for a kennel license.

Dog licenses may be obtained at the auditor's office in the courthouse or at anyone of 47 conveniently located places over the county, including:

Salem—Auto club; Arrow hardware; Chisholm News; Todd News agency; A. H. Fuels, Lisbon road, and Glogan hardware.

Columbiana—C. B. Fuhrman, S. S. Weaver, and Keller Hardware.

Leontia—Citizens Savings bank; Rose drug store and Wilbur Stratton.

Damascus, Bettler's service station; East Rochester, Raines store; Hanoverton, J. A. Drake; Home-

worth, Walborn's store; Kensington, Swearingen (postoffice); N. Georgetown, postoffice; Washington, Donald B. Weikart; Wilmona, McCrea's Market.

E. LIVERPOOL SOLONS STUDY WATER WASTE

EAST LIVERPOOL, Dec. 22—This pottery capital's retiring city council and councilmen-elect, who will qualify New Year's day, will "break bread" at dinner tonight, when the H. C. Nutting Company, a Cincinnati engineering firm, will submit recommendations for econ-

omies in the municipal water system.

Retiring Mayor, O. Earl Greenwalt and his successor, a fellow Republican, Harry C. Smith, a painting contractor, as well as Greenwalt's safety-service director, Charles Kidd, also will be guests.

The engineers, engaged under a \$56,000 contract to locate water waste, estimated at \$15,000 annually, will discuss informally their report for the information of retiring and incoming administrations.

DEADLINE NEARS FOR RENT LEASE

Samuel M. Noyes, area rent director, calls the attention of landlords and tenants to the fact that those wishing to avail themselves of the provisions of the 1947 Housing and Rent act, permitting the increase of rents over the present ceiling rents up to 15 per cent, by the execution of a lease, have but a limited time remaining in which they may avail themselves of the benefit of this act.

The act reads in part as follows: "That in any case in which a landlord and tenant on or before Dec. 31, 1947, voluntarily enter into a valid written lease in good faith with respect to any housing accommodations for which a maximum rent is in effect under this section, and such lease takes effect after the effective date of this title (July 2, 1947) and expires on or after July 31, 1948, and if a true and duly executed copy of such lease is filed within 15 days after the execution of such leases with the Housing Expediter, (Area Rent Office) Ogden building, Wheeling, W. Va., the maximum rent for such housing accommodations shall be as of the date such lease takes effect that which is mutually agreed between the landlord and tenant in such lease if it does not represent an increase of more than 15 per cent over the maximum rents which would otherwise apply under this section."

NEW GARDEN

New Garden Community church recently made a further step toward its goal of a basement when the men and boys worked together and poured the cement floor.

Dan Furey of Hanoverton furnished the mixer. Sunday school boys carried 1,400 gallons of water and men shoveled, wheeled and leveled until 9 p. m. The weather was very cold and wives were on hand with hot chili and coffee. Several of the men were up all night smoothing the cement.

This project was started the last of July, when the building was moved off its foundation, the basement dug and the building moved back.

The community and its friends have backed the job with donations and hard work and will soon have an up-to-date meeting place that will offer for the use of all constructive organizations.

Rev. G. E. Chalfant of Rochester is pastor. Mrs. John Baker, superintendent, and trustees are Paul Guthrie, Wilbert Amos, Franklin Humphrey, Wilbert Webber and Elwood Sanor.

Eleanor Theil Is Bride Of Dover Man

Trimmed Christmas trees on either side of the altar made a holiday setting for the open church wedding of Miss Eleanor Theil of R. D. Beloit, and Raymond E. Richard of Dover at 2:30 p. m. Saturday in the Emmanuel Lutheran church.

White roses and white chrysanthemums were combined in the large bouquets on the altar, which was lighted by white candles in tall seven-branch candelabra.

Miss Katherine Minth played the musical prelude and used the traditional wedding marches.

Given in marriage by her father, the bride appeared in a distinctive green dress with a portrait neckline, long tight sleeves, fitted bodice, and a full street length skirt. She wore a rhinestone necklace bracelet and earrings to match the groom's gift. Her bouquet of white roses, an orchid and maidenhair fern was tied with wide net ribbon.

Miss Mildred Little of Dover, as bridesmaid, wore a weep lavender dress styled identically to the bride's. She carried a bouquet of yellow roses and maidenhair fern, tied with matching ribbon. William Overmiller of New Philadelphia was best man.

Rev. John Bauman read the single ring service in the presence of relatives and friends.

Reception Is Held

Approximately 75 guests were entertained at a reception at the home of the bride's parents, Mr. and Mrs. Michael Theil of R. D. Beloit. The traditional wedding cake was served with the refreshments. Flowers and candles were used in the decorations. Mrs. Theil chose a fuchsia dress with silver trimming for her daughter's wedding, while Mrs. Richard wore a brown outfit. Both wore orchid corsages.

The bride graduated from Goshen township High school and is employed as a secretary in Columbus.

A graduate of Dover High school, Mr. Richard is attending Ohio State university. He is the son of Mr. and Mrs. Fred Richard of Dover.

After a honeymoon trip, the couple will reside in Columbus.

Holiday Tea Enjoyed By Trimble Class

Forty-seven members and guests of the Trimble class of the Presbyterian church enjoyed a Christmas candle-light tea Sunday afternoon at the church.

Miss Erma Hoopes, teacher, gave the inspired Christmas story, interspersed with piano selections by Miss Ora Vincent.

A Christmas story, "Three Tradesmen Visit a King" was told by Miss Sara Walker, assistant teacher.

Miss Mary Lou Vincent offered two piano solos, "Waltz" (Chopin) and "Nutturmo" (Respighi).

A play, "Christmas Presents," was featured. In the cast were Ann Montgomery, Glennalee Harris, Rose Marie Crawford and Eleanor Everett.

Carol singing was included. Miss Hoopes and Miss Walker were presented gifts. Refreshments were served. The table was made attractive with seasonal trimmings.

Shepherds Observe 40th Anniversary

Mr. and Mrs. Fred Oesch of R. D. 3, Salem, were honor guests at a family dinner Sunday at the home of their daughter and husband, Mr. and Mrs. Harold J. Shepherd, Washingtonville rd., the event celebrating their 40th wedding anniversary. The table was decorated with holiday ornaments.

The couple received gifts, flowers and greeting cards.

Miss Martha Brian, daughter of Mr. and Mrs. J. H. Brian, E. State st.; Miss Elizabeth Gibbs, daughter of Mr. and Mrs. R. C. Gibbs, Painter rd., and Miss Eleanor Schnell, daughter of Mr. and Mrs. Michael S. Schnell, R. D. 4, Salem, students at Lake Erie college, Painesville, are home for the holidays. They will return to classes Jan. 6.

Junior Music Club Party Tonight

The Junior Music and Musical Culture clubs will hold a joint Christmas party at 7:30 tonight at the home of Miss Lucy Huston, Franklin st.

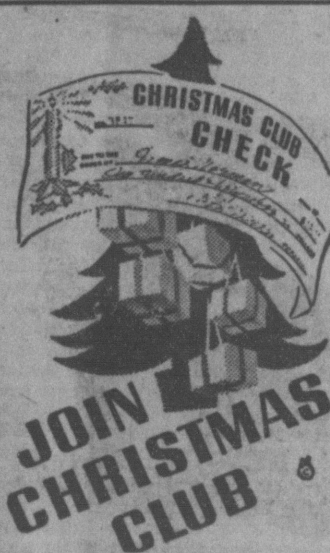

Mr. and Mrs. Lester Kille and daughter, Marcia, of Cleveland st., left Sunday for Boston, Mass., to spend the holidays. They will visit her parents Mr. and Mrs. John Isensee, formerly of Salem, her sister, Mrs. C. H. Wilkins and family and brother, R. H. Isensee and family.

Miss Emma Andreae of Bellows Falls, Vt., is spending the holiday week with Miss Ruth Hoch, S. Union ave.

Mrs. C. E. Kridler of W. 16th st. was in East Liverpool this afternoon to attend the funeral of her aunt, Mrs. Ernest O'Brien.

State Rebate Received On Criminal Court Cases

LISBON, Dec. 22—Clerk of Courts John W. Coleman has received a check for \$860.16 from the state representing costs in criminal cases in which defendants have been sentenced to state penal institutions from the common pleas court of this county.

NOW ... Save a little all year — and have a lot to spend next Christmas-time.

Snooky and Sharon, Two Good Pals

Snooky is a 10-month-old bear cub. Sharon Ann Reed is a 2-year-old Flint, Mich., youngster. The two got together when Snooky was given to Sharon's grandfather and great-uncle, James and Ted Middleton, on a hunting trip near Standish, Mich. Now Snooky and Sharon Ann are great friends. The cub will remain in the Reed home as long as she (the cub) doesn't grow up.

MILLION-MILE SOLAR EXPLOSION

THESE RARE PICTURES show the record-breaking explosion that last year hurled flaming, gaseous material over a million miles above the sun's surface. Top, flaming gas arcs above the rim of the sun (black). Below, the arc rises higher, eventually reaching 1,064,185 miles. The photos were made over a 2-week period at Mount Wilson Observatory in California. Measurements were completed recently. (International)

TELEGRAPHERS REJECT WAGE HIKE

Amnesty After 11 Years

Eleven years ago Blackie killed a colonel's cat and got a life sentence in the guardhouse at Atlanta, Ga. But along came a dog-loving colonel, G. M. Halloran, shown reading an order granting a Christmas amnesty to the long-imprisoned poacher. M/Sgt. G. E. Goodwin stands guard.

Steel-helmeted Jewish police take roof-top stand.

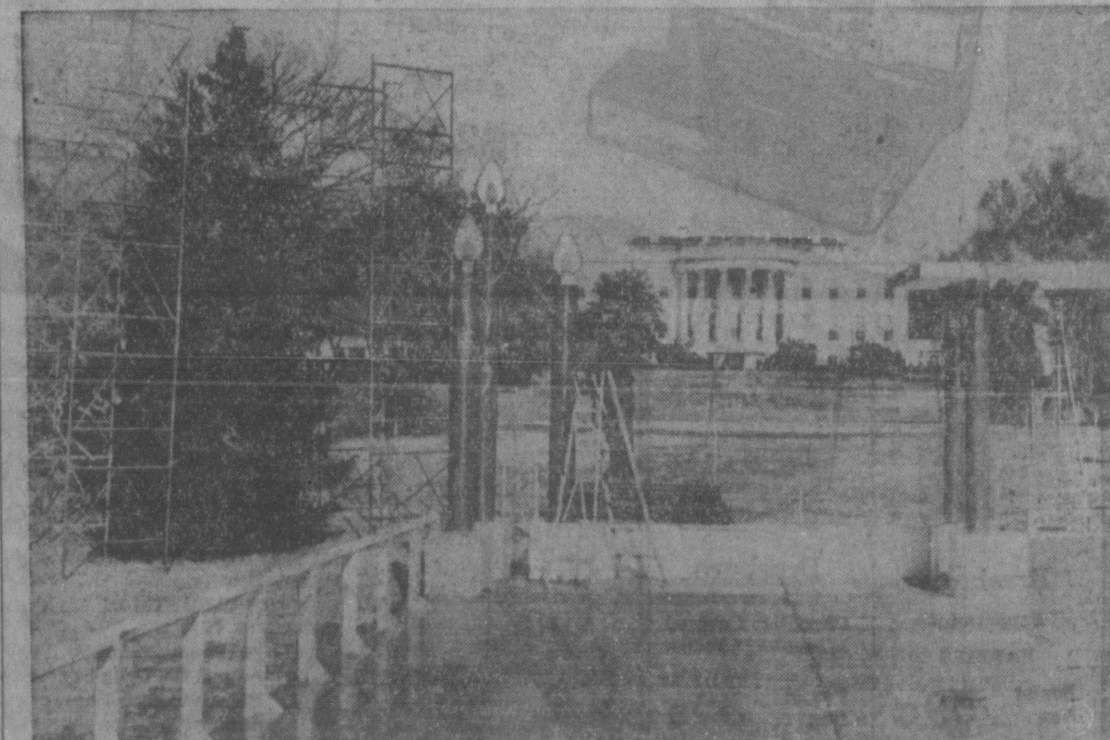

GUNS ARE AIMED on the stretch of ground that separates the Jewish city of Tel Aviv and the Arab city of Jaffa in Palestine, as Jewish police and members of Haganah, the Jewish underground army, hold sandbagged posts to cover the border line "no-man's land." (International Soundphoto)

Tank Explodes in Flames, but Oil Field Is Saved

Firemen risked their lives to stem the \$25,000 fire touched off when this oil tank exploded at Signal Hill oil field near Long Beach, Calif. Another tank and four derricks caught fire, but the rest of the field was saved.

Getting Ready for Santa Claus

With Christmas a week away, the annual job of putting up a Christmas tree and decorating the south grounds of the White House is under way.

Steel Scattered Like Scraps of Paper

Like scraps of paper, corrugated steel sheets are scattered over what seems an impossibly wide area in this scene, where a tractor-trailer (remains lie in foreground) skidded and careened off the highway near Morristown, O. The driver was killed and his body burned beyond recognition.

U. S. ANSWER TO AGGRESSION?

SWEPT-WING STRATO-BOMBER, identified as the XB-47 and America's answer to possible aggression, is given first test flight at Seattle, Wash. The 60-ton bomber, powered by six jet engines, is rated as ready to carry a 10-ton load of atom bombs on a global thrust approaching the speed of sound. (International Soundphoto)

Jeanette Altwegg of Liverpool holds up the trophy after winning the British Women's Amateur Figure Skating Championship in London. She will represent Britain in the Winter Olympics at St. Moritz.

TRUMAN'S DAUGHTER CALLS ON HENN QUADS

THREE OF THE FOUR Henn quadruplets—Joan, Tommy and Bruce—politely pay attention to a visitor, Margaret Truman, to their home in Catonsville, Md. Little Donald (right) was more concerned about the photographer and his activities than the President's daughter. On a concert tour at present, Miss Truman was asked to sing for the babies. "It might make them scream," she said smilingly. (International Soundphoto)

Larry Parks Probably Will Be Jolson In New Picture

BY ALINE MOSBY
HOLLYWOOD, Dec. 22—All the prospective "Al Jolson" can take the shoe polish off their faces, get off their knees and go on home. Larry Parks doesn't know it yet, but it looks like he'll be stuck with playing Al Jolson's body again.

Jolson, of course, will use his own voice.

Al finally admitted today that, yes, he figures only Parks can do Jolson's frame. So Al is working tooth and toenail to sign Mr. P. for the sequel to "The Jolson Story" that MGM will make.

"Well, people all over the world have seen the first Jolson picture," he said. "They're used to remembering Parks as me. They'd be confused if somebody else played the part."

He's "pretty sure" MGM can wangle Parks away from his own studio, Columbia. If Larry is successful in his current battle to wangle out of his contract. And out at Metro, so our spies report, the big-wigs are pretty sure they'll corner Parks, too.

This is startling news to Mr. Parks. He doesn't know nothin' from nothin'. In fact, he dangled near dropped his script on the Columbia set of "Gallant Blade" when we hustled over bearing the Jolson verdict.

"Gee," he said. "I haven't heard anything about it. I can't say whether I'd like to play the role until I get an offer. Know what I mean?"

The tip that Parks has the inside track ought to dampen the current crack around filmville that "everybody in town plays Jolson." First it was Parks in Columbia's "The Jolson Story." Then when MGM instead of Columbia, bought the sequel, Gene Kelly was rumored set to play Al. Every Jolson imitator in town rushed to Metro with blackface kits and Jolson albums.

They did the same when Columbia first put Mr. Al J. on film. But Columbia fooled 'em. Parks was picked because he didn't look like Jolson, couldn't sing like him, and wasn't even a good hooper.

After all, Al didn't want a too reasonable facsimile of him collecting that fame. So Al rumbled the tunes, off-stage, and Parks just opened his mouth. Jolson wants to call the sequel, "Jolson Sings Again," which is about all he'll do in that, too.

Mr. Parks has done very well by Mr. Jolson. The singer, who'd been coasting on his laurels, collected a neat half of the picture's profits—a cool million or so.

His name came back, too. People who wouldn't buy a Jolson record for their mother-in-law suddenly swamped the stores for his tunes.

Parks wasn't entirely left out in the cold. Wags called him Jolson and dubbed Jolson Parks. And if Larry does end up with the lead in "Jolson Sings Again," the two will be swapping names again.

B-29 Takeoff Crash Kills 12

A landing gear strut, a wheel and chunks of scorched, twisted metal are all that remain of an Air Force B-29 that crashed and burned taking off from Davis-Monthan Field, Tucson, Ariz. Twelve of the 20-man crew were killed, the others injured.

Johnny-On-the-Spot

MILWAUKEE—When nine-year-old Donald Laabs raised his hand in school and asked to be excused for a few minutes, he didn't give any reason. Donald ran across the street and confirmed his suspicions that smoke was pouring out of a flat. He sent in an alarm from the corner.

Twice In One Day

SALT LAKE CITY—Few couples become grandparents twice in one day as Mr. and Mrs. J. Porter Jones did. One daughter, Mrs. Clark Brinton, gave birth to a son at 4 p. m. less than two hours later another daughter, Mrs. Vere Camp-

bell, also presented her parents with a grandson.

MERRY CHRISTMAS and HAPPY NEW YEAR

Be strong, sad hearts, and never fear,
While ruthless foes assail;
For as sure as God is ever near,
Truth and right — they must prevail.

Let cheerful words and kindly deeds
Be strewn along your way;
That when next Yuletide rolls around,
We shall see a happier day.

Roland Dorr, superintendent of the Christian Sunday school conducted a short Dedication service for a new church flag.

The flag was given to the church by Mrs. Lauda Dibble in memory of her grandson, Donald K. Dibble.

The next meeting of the Ladies Aid of the Christian church will be Thursday afternoon, Jan. 8, in the annex, with Mrs. Lewis Drenner and Mrs. Cora Archibald as Co-hostesses. The next regular meeting has been omitted because of conflicting holiday.

This was announced when the group held their annual Christmas exchange and dinner in the annex. Twenty-five members and guests enjoyed a caserole dinner at noon.

Mrs. Don Coleman conducted the business meeting. Two new members were welcomed to the group. It was decided to send a Christmas gift to the Cleveland Christian Home for Children.

Mrs. Harry Dorr read the Christmas Biblical story from St. Luke, and Raymond Mehnert read another Christmas story. The Christmas exchange concluded the meeting. The annex was decorated in keeping with the Christmas season.

Mr. and Mrs. William Morgan will entertain members of the Fancy Work club and their husbands at a New Year's Eve party. A covered supper will be served.

The group enjoyed a dinner in Minerva Monday evening after which they returned to Mrs. William C. Maple's for their Christmas exchange.

W. E. Cox is ill in the Salem Clinic hospital.

Mrs. William Reese, daughter, Ronald, son, Roger of Seattle, Wash., have returned home after a visit with her parents, Mr. and Mrs. Harry Anthony.

Mrs. Bertha Clark entertained members of the Methodist Aid society for their regular meeting and Christmas exchange Wednesday.

JAMES P. FREW

LISBON, Dec. 22—James P. Frew, 59, died at his home at 231 E. Chestnut st. at 7 a. m. today, following an illness of two weeks.

Born in Lisbon Aug. 4, 1888, he was the son of Mrs. Jennie Brannon Frew and the late James Presley Frew. He was a lifelong resident of Lisbon, and a member of the United Presbyterian church and New Lisbon lodge, P. and A. M.

For many years he was employed as a chemist for the National Brass & Copper Co., but in recent years was employed by the Milligan hardware, East Liverpool. Surviving are his wife, Mrs. Helen Croser Frew; a daughter, Mrs. Janet Quigley at home; a granddaughter, his mother of Baltimore, Md.; a sister, Mrs. Charles Moore of Baltimore; two brothers, Ralph C. of Willoughby and Harold L. of Cleveland Heights.

The body was removed to the Bells-Leggett funeral home, where friends may call Tuesday evening. Private service will be held at 2 p. m. Wednesday at the funeral home, in charge of Rev. John M. Cameron, assisted by Rev. Paul T. Gerrard.

Burial will be in Lisbon cemetery.

WILLIAM TOLAND

William Toland, 67, 6401 Hough ave., Cleveland, formerly of Salem, died at 6 a. m. today, following a year's illness of a heart ailment.

Mr. Toland, a carpenter by trade, went to Cleveland 35 years ago from Salem.

Besides his wife, Mary Whitcomb Toland, he is survived by two daughters and four sons.

Funeral arrangements will be announced Tuesday.

ROBERT W. GOULD

LISBON, Dec. 22—Robert W. Gould, 80, former Salsville barber, died at the County home here at 6 a. m. Sunday following a three day illness.

Mr. Gould was born in Salsville Dec. 16, 1867, but had lived in the county home for 24 years. Surviving is a sister, Mrs. Etta Ruth Smith of Salsville, and one niece.

The body was removed to the Bells-Leggett funeral home where friends may call this evening.

Services will be held at the funeral parlors at 1:30 p. m. Tuesday in charge of Rev. E. D. Fager, pastor of St. Jacob's Reformed church. Burial will be at Salsville.

MRS. JOHN OESCH

Mrs. Evelyn V. Oesch, 77, was found dead in bed Sunday morning at the home of her daughter, Mrs. Lester Cook, R. D. 1, of Canfield.

She had resided with her daughter for the last 15 years, going there from Columbiana.

Born in Alliance Dec. 26, 1870, she was the daughter of John and Emma Redman. Her husband, John F. Oesch, died in 1934.

Also surviving are eight grandchildren, five great-grandchildren; one sister, Mrs. Mary Lewis of Beloit; one brother, Joseph Redman of Greenford; three half-sisters, Mrs. George Yeagley of Columbiana, Mrs. Charles Marman, Alliance, Mrs. Leola King, North Lima, and one half-brother George Wagner of Beloit.

She was a member of the Locust Grove Baptist church and the Alliance Maccabees.

Funeral service will be held at 3 p. m. Wednesday in the Locust Grove church. Rev. E. T. Greer will be in charge. Burial will be in Midway cemetery.

The body is at Arbaugh-Pearce funeral home where friends may call Tuesday evening.

EVISCERATED
16 to 20 Lb. Average—
(Under 14 lbs., lb. 79c) **lb. 73c**

There are two usual methods of cleaning turkeys for retail sale—New York Dressed and Eviscerated. The price per pound is higher for the Eviscerated because by this method the bird is completely cleaned, ready for the oven, before it is weighed and priced.

Eviscerated

An Eviscerated turkey is 100% cleaned at the packing plant IMMEDIATELY after it is killed. It is cleaned quickly and completely by highly skilled workmen using modern, scientific methods. The head, feet and insides are all removed, then the giblets are cleaned, wrapped, and placed in the carcass. The turkey is then sealed in a tight-fitting transparent jacket and quick-frozen to retain its full fresh flavor. A 11½-lb. Eviscerated turkey at 79c a pound, will cost \$9.09.

New York Dressed

This method of cleaning removes only the feathers before the bird is weighed and priced. A 14-lb. New York Dressed turkey at 65c a pound will cost \$9.10. After your meat man finished cleaning the turkey—removes the head, feet and insides—this 14-lb. turkey will weigh about 11½ lbs. So the price of the bird, dressed, ready for the oven, will average 78c to 80c a pound.

Tax Cut of Some Kind Due In '48

BY REX CHANEY

WASHINGTON, Dec. 22—Your chances of getting a tax cut of some kind next year are good.

That was the consensus of both Republican and Democratic members of congress as they streamed out of the capital to spend the holidays at home.

But there are wide differences of opinion between the parties and within the parties over what kind of a tax cut congress should approve and how big it should be.

One thing is certain. The tax fight will begin almost immediately after congress reconvenes Jan. 6 in regular session.

Many Republicans and some Democrats expect President Truman to make some kind of a tax reduction proposal in his message to the opening session.

If he doesn't, the house ways and means committee, which originates tax legislation, will be ready anyhow. Its first business will be \$5,600,000,000 personal income tax reduction proposal already introduced by Chairman Harold Knutson (R) of Minnesota.

SALEM GROUP RUNS NEW LEETONIA FIRM

LEETONIA, Dec. 22 — Beaver Creek Tackle, Inc., a newly organized corporation which will manufacture fishing tackle, bait lures

and other fishing equipment, has negotiated a lease on part of the Grafton Supply building and will begin operation shortly after Jan. 1. Ronald J. Rouse, H. D. Paxson and Theda Paxson of Salem are the incorporators. Rouse, who will direct operation of the plant, formerly operated a sporting goods store in Akron. The company will employ about four persons at first. The new business has leased the east side of the second floor of the Grafton Supply building, over the Igloo food store.

State authorization of the corporation was granted Dec. 9 for 250 shares of no par value stock.

The Leetonia Sportsmen's association held a turkey shoot at the Cherry Valley lodge Sunday afternoon.

Legion Meeting, Dec. 21

Because of the regular meeting night for Joe Williams post No. 131, American Legion, falls on Christmas eve, members will meet at 2:30 p. m. Sunday, Dec. 21, at the Legion headquarters. Ralph Spozetta will act as assistant to L. N. Morris, service officer.

Leetonia schools and St. Patrick's Catholic school closed Friday for two weeks vacation. Repair work on the heating system at the High school building will begin immediately.

Their Teeth Grow

The incisor teeth of a rodent continue growing throughout the animal's lifetime, and must be kept worn down by usage. In one case, an incisor of a woodchuck grew too long, pierced the skull, and curled into two complete spirals.

Boyle's COLUMN

BY HAL BOYLE

YONKERS, N. Y.—There is a stranger at the door of a small basement apartment here, and he isn't Santa Claus.

The stranger is death. He has been waiting at the threshold for so long now that Thomas and Lila Linehan have almost reconciled themselves to the time when he will enter.

Their three-year-old daughter, Peggie Ann, knows that he is coming for her, but she doesn't quite understand what it all means. The endless lethargy she soon will know already has slowed her.

But she is looking forward happily to a Christmas party. She doesn't remember she already has had her Christmas party—three weeks ago, when it seemed the stranger at the door could be put off no longer.

THE MOTHER TOLD me about it in the small family living room, bright with Christmas decorations, as Peggie Ann played listlessly on a sofa with her 18-month-old sister, Judy.

Mrs. Linehan, a slim, dark-haired girl, is Canadian. She met her husband while working with the Red Cross in Alaska, where he was stationed with the American Air Force. She came here four years ago, one of the first war brides. Tom Linehan works in a fish store here.

In September, 1946, an operation on Peggie Ann disclosed a cancer and the young parents were told their child's condition was hopeless.

Early this month she was stricken again and hospital physicians said they didn't expect Peggie Ann to live.

"That night Father Gallagher of our parish gave her the last rites," said Mrs. Linehan. "Her feet were icy cold. Her body was dead, but her heart still beat."

THE NEXT MORNING she came out of her coma—by the will of God. The doctors let us take her home to—

Just then Peggie Ann lifted her grave brown eyes, and the mother finished the sentence softly: "Home to d-i-e." She spelled the last word.

"We had the Christmas party for her on Dec. 10th. We had a fine Christmas tree, but we couldn't get her many things because the money was all gone for medical expenses. There was a small doll and a toy piano, some picture books—and the neighborhood children brought her some gifts."

"But she was weak and slept most of the time. She doesn't remember the party."

Peggie Ann, dressed in pajamas and a yellow robe figured with red apples, looked up and said:

"I want my dollie." Her mother got it. The child calls her doll

"Little Judy" to distinguish it from her sister, who is "Big Judy."

"She lives only on ginger ale now," said Mrs. Linehan. "She drinks two quarts a day. That is all her stomach will hold, except for some vitamins and a little candy now and then."

"She suffers at night and the doctor left me something to quiet her when the pain is too bad. She knows what is going to happen. Often in the evening when she feels bad she says, 'Daddy, I think I'm dying. I'm awfully sick. But I don't want to go to the hospital!'"

Peggie Ann, holding no memory of the Christmas she already has had, is expecting more presents for her doll—a small cradle, a toy refrigerator and some tiny pots

and pans "so I can cook meals for Little Judy."

Her mother said that, despite the family budget situation, some way would be found to get the toys if Santa Claus comes in before the stranger at the door.

"The doctor says she may go any time in her sleep now," said Mrs. Linehan. "We're just grateful we've had her this long."

Gardens "Marketed"

In 17th century Quebec, "vegetable gardens" were sold in the markets each fall. Boxes of earth in which rooted lettuce plants were growing were bought by townspeople and stored in their cellars to insure a supply of greens during the winter.

LETTERS TO THE EDITOR

Report On Europe

Editor, The News:

We thought there may be a number of people in Salem who would be interested in the following report of Homer Coppock, who recently returned from a trip through Europe. He is a brother of Ralph S. Coppock, presiding clerk of Ohio yearly meeting of Friends who hold their annual conference at Damascus.

He went to Europe and especially Germany for the American Friends Service committee to make a survey of conditions there.

The report says, "A report on conditions in Europe does not present a pleasant picture. The statement that this will be the worst winter yet is an old story but it cannot be put differently, to be truthful. One of our workers has reminded us that we have not yet come to the point of greatest need. In the 'Picture Post' of London put it this way:

"Bitter as the food situation is over a large part of Europe, it is paradise to what it will be when the miserable harvest of 1947 has been consumed." The "miserable harvest" is largely the result of the greatest drought in the recent history of Europe. In western Germany there has been little rain since May. The effect is most evident in the amount of water in the Rhine river. To the thirty land is added the serious difficulty of transportation of all kinds of supplies. Half-laden barges are stranded at many points in the river.

To get a sense of the beauty of the rugged, castled region of the Rhine between Koblenz and Mainz one has to keep his eyes off the river itself, knowing that the low water has tragic meaning for hundreds of people. Again, there is a tragedy in the smallness of the potatoes, the basic food in most German homes.

After the farmer has taken what he wants from the field he usually allows the people from the towns to glean what they can and many women spend long hours digging over these fields in the hope of finding a few potatoes as large as walnuts. In one place it was necessary for police to hold back the crowd which had gathered preceding the announced hour for gleaning.

An indelible picture is that of hundreds of women, coming back from long trips to the country, bending under the heavy load of a bag on the back and one in each hand, in which are found a few potatoes and apples with which they hope to eke out another few days of food on the family table.

Evidences of undernourishment are many but none are more frequently seen than that in the pale faces and spindle legs of the children one sees everywhere. The older people who come to our distribution centers for our scanty contributions, present as sorry a picture as can be seen in any group of children. One cannot forget the disappointment on the faces of mothers when the doctors report that their children are not quite bad enough off to receive our food.

Early Christmas for Doomed Girl

Christmas came early for doomed Reba Nell Bowman. The 7-year-old Fort Pierce, Fla., girl, so hopelessly stricken with cancer she may not live till Dec. 25, got a simultaneous birthday and Christmas party sponsored by Douglas Silver, owner of the Fort Pierce radio station, who heard about her plight and spread the word. Rich and poor alike showered gifts. That's Marjorie Silver holding a microphone for Reba to speak over the air. Santa Claus is real estate man Jack Harris. Reba's father is an unemployed carpenter with a family of nine.

the greater crisis will come but it is quite clear that, beginning with our Christmas giving, we ought to plan on continuous assistance well on into early summer, as a minimum program. It is hoped that the U. S. government will soon begin its program of relief, but whatever it does will be far from enough. Private agencies must redouble their efforts and realize more fully their opportunity for more direct service. The American Friends Service committee is recognized everywhere as a dependable agency for relief.

Gifts-in-kind and cash should be provided in as large quantities as possible. Unless designated otherwise gifts will be applied for the purchase of Ralston Relief cereal, now being given to old and young.

and for similar foods such as flour, milk and margarine.

The greatest need continues to be shoes, all kinds of clothing are wanted. We are now supplying yard goods and in some of our centers we have sewing machines on which clothing is made and mended. They seriously lack sewing cotton, which if bought in Germany, costs \$1.50 a spool.

Any one interested in knowing more about the relief work of the American Friends Service committee can call the writer.

DEPARTMENT OF MUSING

One of the most encouraging aspects of the Salem-Columbiana game Friday was the performances turned in by "Smiling" Pete Cain and Wilford "Big Boy" Faulkner. The pair were well above showings made last year and brought forward talk that there may be some changes in that starting lineup. Pete's classy tossing over his shoulder into Big Bob Payer three times thrilled the crowd.

Despite Columbiana's loss, the Clippers appear to be a well-coached aggregation and it's obvious that Jack Cramb knows his business. Columbiana won't be losing too long with him around. His squad moved the ball beautifully and worked with speed and precision unseen here until Friday evening. Salem's height proved the difference.

Present at Friday's game was George McKinstry of East Palestine, whose team was idle Friday, and several other out-of-town observers. Bill Newell, former All-Ohio footballer and now a halfback at Ohio State, was home for the game along with his former playing mate at Columbiana, Bobby Hum, who is now playing varsity ball at Pittsburgh.

DEPT. OF INFORMATION

The Championship Cleveland Browns have announced that their annual film, depicting training camp and seasonal play, will be available for public showing after Jan. 24.

The Salem Boosters club saw the film here last year when Red Con-

right, then end coach for the Browns, did the explaining and speechmaking. The same service is available this season with either a coach or a player coming down to make the showing.

The Boosters undoubtedly will contract to get the film again, probably late in January. Otto Graham, the ace quarterback for the Browns, is still on tap as a Boosters club speaker, incidentally. He can come in January, too.

ODDS AND ENDS

The Salem outfit to play against the East Liverpool ex-High quintet practice session Sunday and another today. The results were not encouraging as all men have been playing with different systems since they last were together.

Salem's cheerleaders would do well to eliminate that "Go Back, Go Back, Go Back To The Woods" routine. It certainly doesn't smack of good sportsmanship to visiting crowds at Salem's gym. There are several others, too, that aren't exactly neat-sounding.

Texas Christian Prepares For Mississippi In Delta Bowl

By ED FITE

UP Sports Writer
FORT WORTH, Tex., Dec. 22.—Texas Christian, a Cinderella team could have been a Southwest Conference co-champion with a little bigger smile from Dame Fortune, will furnish the University of Mississippi its opposition in the Delta Bowl inaugural at Memphis, Tenn. For the TCU eleven that Coach Leo (Dutch) Meyer will take to the Tennessee classic was outplayed in only one of its conference contests and its 1947 win-and-lose record doesn't speak adequately for the type of team Meyer will field New Year's Day.

Only Sugar Bowl-bound Texas among the conference teams was able to manhandle the Horned Frogs statistically as well as on the scoreboard. Seabuck by Arkansas and Rice should have gone the other way, but luck wasn't riding with the Frogs on those particular days. And, while the Frogs got some assistance from Lady Luck in that 19 to 19 thriller with Champion Southern Methodist, there were few if

any of the 30,000 fans in the stadium that day that didn't agree that the Mustangs' Cotton bowl team was the fortunate one to be able to pull the game out of the fire.

TCU got away to a slow start, playing Kansas to a scoreless tie in a quagmire and looking like anything but a college team in dropping a ragged 14 to 7 decision to a weak Oklahoma A. and M. The Frogs looked better the following week, but lost to Arkansas 6 to 0 when a TCU end dropped a pass in the end zone with no one near him.

From that point on, the Horned Frogs began to function like champions with the exception of a 26 to 0 blanking by Texas. They trounced Miami, Oklahoma, Texas A. and M. and Baylor, then pushed Rice all over the field but were nosed out 7 to 0.

The secret of TCU's comeback stems from Meyer's determination to get a winning combination even if he had to bench his so-called first team. He did just that and took his starting eleven from the

Ohio State Shocked By Reported "Pro Raid"

Newspaper Story Claims Brugge, Whistler, Cline And Sensenbaugher Signed

(By Associated Press)

COLUMBUS, Dec. 22.—A published report that four Ohio State 1947 backfield men would wear Cleveland Browns pro football uniforms next year had the hub of Buckeye collegiate football spinning like a top today.

Adding to the misery of the moment was the fact that at least two of the players in question—Halfback Bob Brugge and Fullback Olie Cline—plus Paul Brown, coach and general manager of the All America Conference champions, weren't doing much to dispel the sensation created by a story appearing in today's Ohio State Journal under a four-column, page one headline.

The story said that Brugge, Cline, Halfback Deane Sensenbaugher and Fullback Joe Whistler were the subjects of persistent campus rumors they would not return to Ohio State next fall where each has at least another season's college eligibility.

Whistler and Sensenbaugher quickly denied they would become Browns, but Ohio Coach Wes Fesler said that Cline some time ago had advised him he had been "ap-

proached" and so far had not announced a final decision.

Reached at his suburban Parma, O., home, near Cleveland early today, Brugge said, that, although he presently expected to finish out his college career, he approached Brown about playing for Cleveland after his draft last week by the Buffalo Bills of the All America conference.

Brugge indicated he was "very anxious" to play professionally, but said: "As far as I know now, I'll be back at Columbus next year. But I have some added responsibilities now that I'm married and I may change my mind later."

Brugge said that when he does turn professional he would like to play at Cleveland but, if this proved impossible, he would not reject the play-for-pay opportunities.

One of the Buckeyes' most elusive ball carriers, Brugge was the stand-out of the 1944 undefeated Buckeyes as a Freshman. Injuries last season held him to limited duty.

In discussing the pro football possibilities, Brugge volunteered that practically every player whose class had graduated or would graduate had been approached by many teams in both the All America conference and National Professional Football league.

Both pro circuits now are bound by a common rule that teams shall not contract college players until their classes have been graduated. Normally, Cline and Brugge would be college seniors this year while Whistler and Sensenbaugher's classes already have completed four academic years. Whistler matriculated in 1942 and Sensenbaugher in the fall of 1943.

Whistler and Sensenbaugher denied they would quit college football before using up their eligibility. Whistler admitted talking to Brown, but said he "definitely" was not going to play.

Sensenbaugher said he knew the story had been making the rounds—before it appeared in print—but declared these circulating it were "talking through their hats."

At Cleveland, Brown denied negotiating to sign any Ohio State

players. He added, however:

"It is true that several boys from Ohio State contacted me before the draft meeting last week and asked if I could get them on my draft list. I have maintained a policy from the beginning of refusing to reveal all of my draft choices, and I still see no reason why I should say whether I was successful in drafting any of the players mentioned."

A year ago, however, Brown said, the Browns drafted Whistler as a "future" when his name appeared on the All America draft selections.

Fesler denied knowledge of the report but was quoted by the Journal: "It wouldn't surprise me. You know they (the pros) wrecked our team last year."

He referred to the decision of 1947 Captain-Elect Tommy James to sign with the Detroit Lions and the migration of Lineman Tony Adamle and Bob Gaudio from Ohio State to the Browns.

Brown earlier told the Journal: "I can say that to the best of my knowledge that they (the backfield quartet) have not signed."

Later, he added, "we're interested in anybody who can help us—and by helping us they can help themselves."

COLLEGE SCHEDULE LIGHT THIS WEEK; OHIO TEAMS WIN

Colleges Win All But One Battle In Weekend's Heavy Card

(By Associated Press)

Most of Ohio's 40-odd collegiate basketball quintets will be idle this week because of the Christmas holidays, but the week's nine-game schedule none-the-less has considerable sparkle.

Hearing the card is Washington's invasion of Columbus to play Ohio State on both Friday and Saturday nights in the coliseum. Another highlight will be Miami's attempt to carry off the annual N.A.I.B. tourney title at Kansas City.

Tonight, once-beaten Bowling Green, impressive 47-34 weekend conqueror of Texas, Christian, plays host to South Carolina, and Ohio Wesleyan and Xavier, both Saturday night winners, tangle at Cincinnati.

Ohio Collegians covered themselves with glory Saturday by sweeping seven out of eight games with non-Ohio rivals, the best showing of the season.

Ohio State's all-Sophomore squad racked up its second straight win, and the first on the home floor, blasting a smooth-pasting but poor-scoring Texas A. & M. quintet, 54-40. Ohio controlled rebounds most of the way, reflected in the Buckeyes' shooting percentage of 22 fielders in 79 attempts. The Aggies lost the night before to unbeaten Baldwin Wallace.

Toledo's classy Rockets, led by Charles Harmon and Dal Zuber, posted their eighth straight win, edging St. Francis Brooklyn in Madison Square Garden, 53-51. Harmon Zuber, who wound up with 22 points apiece, were the only Toledo players to score in the first 17 minutes. The Rockets led, 35-22, at the intermission but barely smothered St. Francis' belated rally.

Bob Brown's 25 points paced Miami in a 54-51 win over Tennessee after Villanova bested Cincinnati, 70-67, in the opener of a twin bill at Cincinnati. Cincy's loss was the only blot on the state's record Saturday.

Xavier's Musketeers, rebounding from two successive losses, routed Vanderbilt at Xavier fieldhouse, 79-42. Five players scored 10 or more points chalking up the Musketeers' fourth win in six tries.

Xavier's opponent tonight, Ohio Wesleyan, rallied to hand Evansville (Ind.) college its seventh straight defeat, 60-50. Wesleyan's 210-pound center, Frank Rowland, scored 20 points.

Bowling Green also needed a rally to trim Texas Christian, 47-34. After trailing at one point 17-6, the Texan's zone defense throttled the Falcons' towering centers, Mac Otten and Chuck Share, who managed only eight points apiece, far below their usual pace.

Kent State accounted for Ohio's other win over out-of-state opposition, sinking 19 of 31 free throws in stopping Albion Michigan, 61-55. Sub Center Fred Klaisner netted 21 points for Kent.

In intra-state competition, Wilberforce State remained unbeaten, downing Portsmouth Business college, 61-43; undefeated Western Reserve dropped Case Tech from the "perfect" ranks, 55-32; once-beaten Dayton, dubbed Cedarville, 73-49, and Heidelberg handed Penn a fourth straight loss, 45-33.

Philidelphia Eagles Reign As National Division Champs

By ORLO ROBERTSON

PITTSBURGH, Dec. 22.—The Philadelphia Eagles today are champs of the National Football league's Eastern division but they never thought a dream of 14 years would come true so easily.

In a near-perfect offensive and defensive display, the men coached by Earl (Greasy) Neale earned the right to meet the Chicago Cardinals for the circuit title Sunday in Chicago by thumping the Pittsburgh Steelers 21-0 yesterday. The victory broke the Eagles' jinx of having finished second in the division three straight years.

Few in the capacity house of 33,729 at Forbes field believe it possible for the Eagles to match the same score by which they defeated the Steelers in Philadelphia during the regular season after losing here 35 to 24.

But from the time Pete Piliu, Freshman end from the University of Indiana, blocked a kick and Tommy Thompson tossed a flat pass to Steve Van Buren, good for 15 yards and Philadelphia's first touchdown, it was the Eagles' ball game. Van Buren scored at the 13:19 minute mark of the first quarter.

The game had been expected to develop into a bruising battle between two teams that a few years ago were so weak that they were combined under the name of the Steelers. Instead it was a gallop for the Eagles as they went into the finals against a club that also was once a league doormat.

The statistics clearly revealed the superiority of the Eagles. The champs piled up a total of 255 yards, 124 of them on the ground, to Pittsburgh's 154-102 by rushing and 53 through the air. The first downs were 17-7.

Against the aggressive Eagles pass defense, Johnny Clements and Cifers were able to complete only four out of 18 aeriels. The Steelers did manage to hold Van Buren, the league's ground gaining record holder, to 4 yards in 18 carries while Clement, thanks to one sprint of 27 yards, picked up 59 in 14 attempts.

'Fairly Merry' Christmas In Europe Forecast, But Santa Will Skip Many

LONDON, Dec. 22—Santa Claus will skip a lot of people in Europe this Christmas, but for the inhabitants of a few lucky lands it will be fairly merry.

A fraction of the continent's millions will have roast goose and a cheerful bit of holly to brighten the day. But for other millions Christmas will be another day of worry over rationed food and coal for the kitchen stove.

A "Santa Claus" survey of the Christmas prospects of 20 countries indicated that, in a material way, it will be somewhat better Christmas than last year. Except in a corner of Greece and a few drought-stricken regions of eastern Europe there is a little more food for the holiday than there was a year ago.

There are some toys for the children and times have been quiet enough to enable men to revive some of the colorful observances of the traditional Christmas season. There were indications everywhere the midnight masses will be attended by great throngs.

Price Complaint General—prices are high and going higher. A doll which doesn't look like much costs \$10 in Italy. Forty dollars is not unusual for a small boy's tricycle in France. A \$23 turkey in Switzerland is not an impressive bird and a Christmas tree in Portugal costs up to \$12.

Nowhere has income kept pace with the rising spiral of prices. The traditional carp was a luxury in Czechoslovakia and rice porridge, which belongs to Christmas eve in Denmark, was outside the range of many a family's budget.

For most Italians Christmas will be better than at any time since the war—but the well-to-do restaurants and shops in Italian cities give a misleading impression. Prices of even articles which would make modest gifts, are beyond the reach of average Italians.

But the Italian in average circumstances has not been overlooked

entirely. Since the end of UNRRA supplies the new United States relief mission to Italy has sent 122 shiploads of food, coal and other products, and many thousands of gift packages have been pouring into the impoverished country. Exchanging of gifts will take place Jan. 6, when Befana, the good witch, will bring toys to well-behaved children.

Germany, too, will have a slightly better Christmas. There are even a few Christmas trees—rationed—with priority being given to families with children. There is little enough to eat, and many houses will be cold, but the old weihnachts mart (Christmas fair) is being revived in many of the battered cities. In Berlin's Lustgarten there are swings and rides for children and there are some toys, expensive and not up to prewar quality.

In Russian, British and American occupation zones there will be small, extra distributions of flour and sugar. Americans in Berlin will give Christmas parties for 50,000 children, and the British will do the same in Hamburg and other cities. Austrians, said a message from Vienna, will be thinking about calories, and if all goes well there will be the usual 1700 a day for the average consumer.

In France high prices dampen the Christmas spirit.

Scandinavian lands, covered this winter by a thick blanket of snow, will be about as merry as anyone in Europe.

Poland looked forward to some good eating on Christmas eve. Vegetable and fruit crops were good

and livestock is sufficient for the population.

Czechoslovakia, after the most being obliged to cut its food ration sharply.

Romania will have a prosperous Christmas season. Many traditions are being revived, including the singing of carols and the production of Nativity plays.

A report from Greece said that the Christmas season "will be extremely grim for more than 400,000 refugees from areas of guerrilla operation." Greece always observes Christmas as a religious holiday, and will do so this year.

In middle Europe prosperous Switzerland is set to observe a merry Christmas. Butter, bread, milk and sugar are still rationed, but the country has large quantities of meat, fruit, poultry, eggs and other products which a hard currency can buy.

Reports from Spain said the Christmas eve dinner will be less abundant than a year ago, and again the reason is high prices.

Belgium and Holland will observe the holiday decorously and traditionally, emphasizing the religious aspects of the day. Belgium, especially, will eat well.

Austere Britain hoped for a Christmas a little more bountiful than that of last year, but the supply situation is spotty.

Christmas will be a friendly day in Ireland, according to dispatches from Ireland, but one depressing note will be the absence of familiar faces due to heavy emigration recently.

DP Bride-to-Be

In Cleveland, but only 28 hours away from a DP camp in Germany, Miss Janina Makowska is all set to marry Raymond Rusnak, 20, who met the Russian girl when he was in the Army of Occupation. Rusnak got home last June, saved \$450 for her plane fare. The wedding is scheduled after Christmas.

WINONA

Miss Esther Jean Mayhew, a sophomore at Mt. Union college, arrived home Friday to spend the holiday vacation with her parents, Mr. and Mrs. Donald Mayhew.

Miss Mayhew recently attended the National 4-H club congress and livestock show in Chicago.

Miss Mayhew won her trip by placing first in a 4-H club home improvement project.

There were 23 in the state contest. Miss Mayhew has been in 4-H club work 9 years, having both serving and cooking projects. This year she was the assistant advisor to the Winona Jolly Bunch.

Alfred Heacock, son of Mr. and Mrs. William Heacock, who has been in the City hospital, Salem, returned home Friday and is improving from his illness.

Mr. and Mrs. William Heacock have bought the property owned by

Mrs. Anna Evans and moved there from Hanoverton.

Mr. and Mrs. Wilmer Satterthwaite and Gladys and Wendell were Sunday guests of Mr. and Mrs. Charles Maxwell at Akron.

The pupils of the two local schools presented a Christmas program of plays, recitations, exercises and music at the Butler grange hall Thursday evening.

The teachers are Luther Woodal, Mrs. Florence Vincent and Mrs. Vivian Skeele.

Miss Esther Holloway, a student at Wilmington college, arrived home Friday to spend the holiday vacation.

The local young people who are students at the Friends boarding school, Barnesville, that arrived home Friday to spend the holidays were George Oliphant, Dorothy Mae Stanley, Albert Holloway and Martha Satterthwaite and guest, Lois Jacobs of West Chester, Pa.
